Mercenary Contract

A platoon sized unit of mercenaries is required by the Duke of Katar to perform a raid to destroy an illegal weapons dealing operation on Aldanan. The Duke, whose family has a great deal of influence in the subsector, fears that a member of his own bureaucracy is supporting the illegal operation. To insure secrecy, the Duke will hire the merc's through a trusted aide. See the map inside for the site of the operation and the surrounding terrain.

The referee may also wish to use the options below:
Choose one or, roll 1D
1-3 All is as it is presented above.
4-6 The "trusted aide" is actually working for the illegal weapons dealers. The raid will become a trap for the mercenaries.

The disposition, armament and number of guards involved in the illegal operation should be determined beforehand by the referee. The standard terms for this type of contract should be considered to be in effect.
